ENVIRONMENTAL ADVISORY COUNCIL Members

CarrollCountyMD.gov/EAC

About the EAC:

The 9-member EAC functions at the direction of the Carroll County Board of Commissioners ("Board") and, as such, works cooperatively with County environmental staff to research environmental policy issues; to advise the Board of County Commissioners; to foster environmental education, and generally to act in the best interest of County residents by promoting effective environmental protection and management principles.

Mission:

The EAC is dedicated to promoting environmental stewardship by providing environmentally, socially, and economically responsible recommendations and/or information to the Board of County Commissioners on environmental issues relevant to Carroll County and by public outreach and education.

Key Responsibilities:

- Advise the Board on environmental issues, not already addressed by staff, to help inform Board decisions
- Recommend measures to mitigate environmental impacts of County-supported projects
- Examine issues as they relate to the Board of County Commissioners ("Board") Environmental Principles

Primary Role:

- Research, discussion, advice on issues per work plan or special request
- Address issues not being addressed by staff
- Supplement staff projects as needed/requested
- Public education on EAC issues addressed, as requested, and/or where gaps
- Present, in writing and/or in person, EAC findings on issues of interest to the Board as requested by the Board

Individual Member Expectations & Responsibilities:

- Attend all meetings
 - Regular monthly meetings held 3rd Wednesday of each month @ 3-5 PM in person at County Office Building (no December meeting)
 - Annual joint meeting with the Board in January
- Occasional special meetings related to individual projects
- Contribute to research, writing, and discussion and complete on time
- Participate in occasional public outreach and volunteer events

Recurring Projects:

- Annual Work Plan
- Annual Report
- Biennial Environmental Action Awards

Sample Prior Projects:

- Reports & Public Outreach: solar zoning text amendments
- Reports: expanded polystyrene, single-use plastic bags, litter control
- Public Outreach: stormwater workshops, Environmental Symposium, stream clean-ups
