

St. Georges Gate

Location

St. Georges Gate is a subdivision constructed in the 1990s off Deer Park Road in Finksburg. Located in the Liberty Reservoir Watershed, quantity management for the subdivision is provided by a detention basin adjacent to Wheatfield Road.

Description

The project will provide stormwater management to a 32-acre drainage area, 5 acres of which are impervious. The goal is to provide water quality treatment, channel protection, and management of the 10 year storm back to forest/meadow conditions.

Project Engineer

Brudis & Associates, Inc.

Contractor

Magstone

Project Budget

Engineering: \$40,200
Construction: \$442,500

Updates

Tree removal within the location of disturbance was performed as necessary. Sediment and erosion controls are being installed.
