

Century High School

Location

The project is located off Ronsdale Road in the Liberty Reservoir watershed.

Description

The existing shallow marsh facility provides some storm-water management treatment for the Century High School and Linton Springs Elementary School campuses. The facility will be converted to a surface sand filter with easily maintainable slopes. The drainage area to the facility is 130 acres, 36 acres of which are impervious.

Project Engineer

CLSI

Contractor

TBD

Project Budget

Engineering: \$75,000

Updates

Staff is working to put the project out to bid.

The County received \$550,000 from the Department of Natural Resources Chesapeake & Atlantic Coastal Bays Trust Fund towards construction of this project.
