

Fourth Meeting Of The Carroll County Police Accountability Board

06/05/23, Start Time: 10 A.M., Room 003 of the County Office Building

Minutes

Call to Order and Quorum established.

Minutes from last meeting accepted and approved.

Brief update to PAB members on the ACC's training and the first case they reviewed. At the ACC meeting held on May 3, 2023, the ACC reviewed the investigation conducted by the Carroll County Sheriff's Office regarding actions of a member of the Sheriff's Office while on duty. The determination of the ACC was to administratively charge the officer in question, and to recommend a Level B disciplinary outcome.

Updates from the police chiefs- Chief Ledwell from Westminster has one case under internal review that will probably be presented to the ACC at their next meeting. Chief Mitchell from Taneytown has one case under review to determine if ACC is needed.

Discussion of protocol for PAB to receive outcomes each quarter for review. Should outcomes of reviewed cases be put in Minutes? Should there be a spreadsheet kept somewhere? Is there a need to research Legislative intent? General discussion about what the PAB's role is moving forward.

Discussion about setting up a fund for things like crisis training, legal fees and trial boards.

Meeting adjourned at 11:08.

Attendance: Stacy Shaffer

Ian Shaw
